

DE LA SALLE ACADEMY

Math and Science Teacher, Grade 6

Mission:

De La Salle Academy is a private, independent, non-sectarian middle school located in Manhattan. The school's student body includes students from across New York City. De La Salle is the only private, co-educational, independent school in New York City for academically talented, economically less advantaged students in grades six through eight. Students and adults commit to living in community through a purposefully rigorous academic curriculum, strong core values, a profound knowledge of self, and a desire to serve the array of communities we represent. De La Salle believes in a need-blind admissions process to ensure that students are evaluated based solely on their merits and not on their families' ability to pay.

Position:

De La Salle Academy seeks a full-time Grade 6 STEM (Mathematics and Earth Science) teacher for the 2024-2025 school year. Potential candidates should be aligned with the school's commitment to develop each child's mind, body, heart and spirit both inside and outside the classroom.

Qualifications and Skills:

- Bachelor's degree in a STEM field required
- Experience working with racially and economically diverse student and family populations
- Commitment to engaging with diversity, equity, inclusion and justice work
- Teaching experience in middle school is preferred, but not necessary
- Excellent oral and written communication
- Attentiveness to the social-emotional needs of young adolescent students
- Willingness and desire to mentor students
- A passion for innovation and ongoing professional development
- Ability to work collaboratively with other teachers and administrators.

Key Responsibilities Include:

- Teach multiple sections of Grade 6 Math and Earth Science
- Facilitate advisory and homeroom periods
- Teach elective courses in math or science
- Participate in faculty, grade-level and department meetings
- Advise student clubs or activities
